<b>License</b>	SNF	SNF	CBRF (Class CNA)	RCAC (Dual License allows Independent Living too)	CCRC (Dual License allows RCAC Assisted Living too)
<b>Level of Care</b>	Highest	Highest	Medium	Lowest	No Care Provided***
<b>Description of Care</b>	SNF Subacute care is the highest level of care & rehab you can get outside of a hospital setting. It usually follows a hospital stay and is designed to rehab you & get you back to your former living environment.	SNF care is the highest level of care you can get outside of a hospital setting. This is traditional "nursing home" care.	CBRF residents need more care than RCAC residents, but don't quite need a nursing home.	RCAC residents are no longer able to live independently and need some care, but need less care than CBRF residents.	No Care Provided***
<b>Is Memory Care Provided?</b>	Yes	Yes	Yes	Yes	No Care Provided***
